

Welcome to Papuan Voices,

We invite you to screen the Papuan Voices videos with your family, your friends, your community, organisations, nonprofits, faith-based organizations, and youth groups to educate and help raise awareness about the situation in West Papua.

In return for providing the videos and resource materials, we ask that you please let us know the details of your screening, linking to any blog posts and showing us pictures, and then follow up with comments on how it went and what was useful. We would love you to place our link, papuanvoices.net, on your website (we will do the same).

The easiest way to host a screening is to order the Papuan Voices DVD, which includes all nine videos ready to be played on your DVD player. The videos are also available at papuanvoices.net. Make sure you download the high quality versions of the files, with the subtitles. There is also a torrent available with all the videos and resources packaged as one download. If the videos do not yet contain subtitles in your language, please contact us or visit our [Lingua](#) page for instructions on how to add them yourselves.

We have provided a sample program here to help you plan your screening. If you do not plan on screening all nine videos, for example, or if you are including one as part of an environment-focused screening, or a screening on Indonesia, download the single videos at papuanvoices.net.

We also have a study guide that contains background to the issues in West Papua as well as a detailed analysis of each video in the series. As part of the study guide we have provided a number of 'Talking Points', in the form of questions, that we hope will help you begin discussions around each video. You can download this at papuanvoices.net/resources

There are many other free resources available from like-minded organisations on how to host screenings. One we think is great is from Friends of the Earth and good.screenings that is available [here](#).

If you need help with publicity, including sample posters or invitations, please contact us. Feel free to pick and choose from the materials we have provided to create your own version of Papuan Voices. Don't forget to return to papuanvoices.net

From everyone on the Papuan Voices team.

Sample Program

This is a sample program in case you are wondering how an evening screening might be organised.

Feel free to be creative with your program and invite guest speakers, local musicians or food. Make sure you have an email sign up list to keep in contact with your guests.

18.00 – 18.30: Guests arrive, collect email addresses using sign up sheet, enjoy refreshments

18.40 – 18.50: Host welcomes guests, makes introduction and explains the evening program

18.50 – 19.50: Screening of Papuan Voices: Total Running Time 50:68

Save the Karon (06:00)

Sekolah Papua (Papuan School) (08:02)

Mutiara dalam Noken (Pearl in the Noken) (09:06)
